PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 8 months of industry experience building responsive, user-friendly, and high-performance web applications using React.js, Next.js, and TypeScript. Experienced in RESTful API integration, responsive UI development with Tailwind CSS, and collaborating in Agile teams. Familiar with backend technologies including NestJS and Prisma ORM, with a strong commitment to optimizing Core Web Vitals to 90+ Google Lighthouse scores.

TECHNICAL SKILLS

Programming Languages:	JavaScript (ES6+), TypeScript, HTML5, CSS3
Frontend Development:	React.js, Next.js, React Hooks, Context API, Redux, Responsive Web Design, Tailwind CSS, SCSS, SASS
Backend & API Integration:	Node.js, NestJS, RESTful APIs, Axios, Fetch API, JSON, Postman, Swagger, Prisma ORM, JWT Authentication
Databases & Cloud:	MySQL, PostgreSQL, MongoDB, Supabase, Firebase
Tools & Deployment:	Git, GitHub, GitHub Desktop, VS Code, npm, Vercel, Render
Performance & Soft Skills:	Google Lighthouse, Core Web Vitals, SEO Fundamentals, Problem Solving, Debugging, Agile and Scrum, Teamwork

WORK EXPERIENCE

Trainee Web Developer

February 2026 – Present

Nerdylabs | Madurai, Tamil Nadu, India

- Engineered responsive and user-friendly web applications across 15+ views using React.js, Next.js, JavaScript, and TypeScript.
- Translated Figma designs into functional, responsive user interfaces using Tailwind CSS and 25+ reusable React components.
- Integrated 10+ RESTful API endpoints with Axios and Fetch API to establish reliable data synchronization and error handling.
- Architected component-based workflows and state logic using React Hooks, accelerating feature turnaround by 25%.
- Collaborated across Agile development sprints to troubleshoot frontend issues, implement core features, and deliver project milestones.
- Partnered with backend engineers on NestJS, Prisma ORM, and MySQL architectures to understand API workflows and support full-stack delivery.

PROJECTS

1. Embedded Ordering Platform

React.js · Next.js · TypeScript · RESTful APIs · Tailwind CSS

- Developed a responsive embedded ordering platform featuring product catalog browsing, cart management, and streamlined checkout for 50+ items.
- Built client-side instant search, category-based filtering, and dynamic product sorting, reducing user ordering drop-off rates by 30%.
- Connected RESTful APIs to manage product data, cart operations, and order workflows, ensuring smooth client-server communication.
- Structured reusable React components and application state using React Hooks, reducing code redundancy across modules.
- Optimized responsive layouts and frontend assets via Next.js code splitting and lazy loading, improving First Contentful Paint by 28%.

2. Business & Restaurant Websites

React.js · Next.js · TypeScript · HTML5 · CSS3 · Tailwind CSS · SCSS

- Designed and deployed responsive commercial business and restaurant websites using React.js and Next.js, maintaining 99.9% uptime.
- Converted complex Figma designs into responsive web pages while preserving visual consistency and 100% cross-device compatibility.
- Crafted interactive UI elements, smooth navigation menus, and animations using modern SCSS and Tailwind CSS to increase user session duration by 20%.
- Linked dynamic backend APIs to render live restaurant menus, booking forms, and customer inquiry modules with resilient error handling.
- Applied semantic HTML5, metadata, and Core Web Vitals best practices, elevating Google Lighthouse SEO audit scores to 95+.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

Expected Graduation: 2026 | CGPA: 8.1 / 10

Kamaraj College of Engineering and Technology | Virudhunagar, Tamil Nadu, India
